

Blackstone Bay guided day trip with Alaska Sea Kayakers

Our paddle plan is to depart Whittier docks at (typically scheduled) 9:15AM, chartering to the head of Blackstone Bay, a western fjord of Prince William Sound. We will paddle the tidewater glaciers at the head of Blackstone Bay and offer a short hike at Lawrence glacier, time and weather permitting. We will be paddling 7-10 miles spending 5-6 hours in our kayaks over the course of the day. We will provide a picnic style shore lunch.

We will paddle, rain or shine. All paddlers should bring:

1. Rain gear. (or we will provide.)
2. Water bottle (guides will have refills).
3. Sunglasses and sunscreen. (in case we get lucky.)
4. Wear layers of clothing (synthetic fabrics: fleece, capilene, and polypropylene are best) to be comfortable in temperatures ranging from 40-70 degrees.
5. Camera (if you can't afford to lose it, don't bring it).
6. An extra set of clothing, to be dry bagged and brought on the tour.
7. Brimmed hat (baseball cap).
8. A soft shell or windbreaker is often a nice layer to have.

Alaska Sea Kayakers will supply:

1. Raingear as needed..
2. Rubber boots.
3. Paddling gloves (poagies).
4. Dry bags for extra clothing and cameras (and any additional personal items).

General information:

Prince William Sound is the northernmost tip of the Pacific Northwest Rainforest. We expect, and prepare for rain, every day.

All trips will require "moderate" exercise. If a person can walk two miles at an average pace (3mph) without experiencing stress or discomfort, they should be able to enjoy any of our kayaking tours. People over 6'5" or 250 lbs. may not be able to get comfortable in a sea kayak.

The Tunnel

Please enter Whittier through the 8:30AM tunnel (or earlier if you wish to breakfast prior to departure). Our water taxi pick up is at 5:30PM and should facilitate departure from Whittier on the 7:00PM tunnel opening.
